

Subtraction Rocks You!

To the tune of "We Will Rock You"

Fewer, fewer, less and less,
Subtraction is what we do best!
Now listen up and I'll teach you all about,
Finding the difference and there's now doubt!

Chorus:
Subtraction ROCKS YOU!
Subtraction ROCKS YOU!

Lets begin with the subtraction sentence.
Start with the whole and get right in it.
Take part away and find what's left.
You just found the difference.

Chorus:
Subtraction ROCKS YOU!
Subtraction ROCKS YOU!

Listen here friends lets make something clear,
When subtracting zero it's simple my dear.
The number does not change, IT STAYS THE SAME!
Don't write zero you you're to blame!

Chorus:
Subtraction ROCKS YOU!
Subtraction ROCKS YOU!

What happens next? Let's subtract ALL!
Taking everything away is a ball,
Don't mix it up, it's easy you see!
The number's ALWAYS ZERO now your tellin' me!

Chorus:
Subtraction ROCKS YOU!
Subtraction ROCKS YOU!

Hope King
